INDEPENDENT AUDITOR'S REPORT

Board of Directors
Galveston County Water Control
and Improvement District No. 12
Galveston County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Galveston County Water Control and Improvement District No. 12 (the "District"), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Directors
Galveston County Water Control and
Improvement District No. 12

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016**

Management’s discussion and analysis of Galveston County Water Control and Improvement District No. 12’s (the “District”) financial performance provides an overview of the District’s financial activities for the fiscal year ended December 31, 2016. Please read it in conjunction with the District’s financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District’s annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide portion of these statements provides both long-term and short-term information about the District’s overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The first of the government-wide statements is the Statement of Net Position. The Statement of Net Position is the District-wide statement of its financial position presenting information that includes all of the District’s assets, liabilities and deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The government-wide portion of the Statement of Activities reports how the District’s net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016**

FUND FINANCIAL STATEMENTS (Continued)

restricted, committed or assigned for acquisition or construction of facilities and related costs.

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI"). A budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The District's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$9,157,172 as of December 31, 2016. A portion of the District's net position reflects its net investment in capital assets (buildings and vehicles as well as the water and wastewater facilities, less any debt used to acquire those assets that is still outstanding). The following is a comparative analysis of the Statement of Net Position as of December 31, 2016, and December 31, 2015.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016**

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of December 31, 2016, were \$4,319,774, a decrease of \$1,593,027 from the prior year.

The General Fund fund balance decreased by \$458,072, primarily due to operating expenditures and capital costs exceeding service revenues.

The Debt Service Fund fund balance increased by \$62,915, primarily due to the structure of the District's outstanding debt.

The Capital Projects Fund fund balance decreased by \$1,197,870, due to the use of bond proceeds received in prior fiscal years on current year capital projects.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors did not amend the budget during the current fiscal year. Actual revenues were \$64,008 more than budgeted revenues primarily due to higher than anticipated service revenues and tap connection and inspection fees. Actual expenditures were \$748,730 more than budgeted expenditures primarily due to higher than anticipated contracted services, purchased water service, utilities, fire service, repairs and maintenance and capital costs than were anticipated.

CAPITAL ASSETS

Capital assets as of December 31, 2016, total \$20,409,306 (net of accumulated depreciation) and include land, buildings, vehicles and equipment as well as the water and wastewater systems. Current year activity includes the emergency generator at the lift station as well as the rehabilitation of water lines, sanitary sewer lines, Vivian Water Plant and Kipp Street lift station.

Capital Assets At Year-End, Net of Accumulated Depreciation

	2016	2015	Change Positive (Negative)
Capital Assets Not Being Depreciated:			
Land and Land Improvements	\$ 822,435	\$ 822,435	\$
Construction in Progress	567,861	1,167,903	(600,042)
Capital Assets, Net of Accumulated Depreciation:			
Vehicles	337,371	410,497	(73,126)
Buildings	1,592,351	1,663,684	(71,333)
Water System	6,983,001	6,288,756	694,245
Wastewater System	10,106,287	9,341,373	764,914

MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2016**

LONG-TERM DEBT ACTIVITY

As of December 31, 2016, the District had total bond debt payable of \$15,325,000. The changes in the debt position of the District during the fiscal year ended December 31, 2016, are summarized as follows:

Bond Debt Payable, January 1, 2016	\$ 16,035,000
Less: Bond Principal Paid	<u>710,000</u>
Bond Debt Payable, December 31, 2016	<u><u>\$ 15,325,000</u></u>

The District’s Series 2005, 2010 and 2014 bonds carry an underlying rating of “A”. The Series 2005 bonds carry an insured rating of “AA-” by virtue of bond insurance issued by NPFGC. The Series 2010 bonds carry an insured rating of “AA” by virtue of bond insurance issued by Assured Guaranty Municipal. The Series 2014 bonds carry an insured rating of “AA” by virtue of bond insurance issued by Municipal Assurance Corp. The Series 2015 Bonds do not have an underlying rating and are not insured. The ratings above reflect all rating changes through December 31, 2016.

The District’s long-term debt also includes a note payable with a December 31, 2016, balance of \$346,838 (see Note 11).

CONTACTING THE DISTRICT’S MANAGEMENT

This financial report is designed to provide a general overview of the District’s finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Galveston County Water Control and Improvement District No. 12, 524 Cien Street, Kemah, TX 77565.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
DECEMBER 31, 2016**

Total Fund Balances - Governmental Funds	\$ 4,319,774
--	--------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds.	20,409,306
--	------------

Deferred charges on refunding bonds are not expenditures of the current period.	230,939
---	---------

Deferred tax revenues and penalty and interest receivable on delinquent taxes for the 2015 and prior tax levies became part of recognized revenue in the governmental activities of the District.	72,728
---	--------

Certain liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. These liabilities at year end consist of:

Accrued Interest Payable	\$ (153,833)	
Note Payable	(346,838)	
Bonds Payable	<u>(15,374,904)</u>	<u>(15,875,575)</u>
Total Net Position - Governmental Activities		<u>\$ 9,157,172</u>

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2016**

Net Change in Fund Balances - Governmental Funds	\$ (1,593,027)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	7,423
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.	4,642
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(854,682)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases.	1,557,290
Governmental funds report note principal payments as expenditures. However, in the Statement of Net Position, note principal payments are reported as decreases in long-term liabilities.	48,379
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.	710,000
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	14,668
Change in Net Position - Governmental Activities	<u>\$ (105,307)</u>

The accompanying notes to the financial statements are an integral part of this report.

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 1. CREATION OF DISTRICT

Galveston County Water Control and Improvement District No. 12 (the “District”) was created by an order of the State Board of Water Engineers of Texas on June 11, 1951. The District is presently under the oversight of the Texas Commission on Environmental Quality (the “Commission”). On August 2, 1984, the District was converted from a water control and improvement district operating under the provisions of Chapter 51, to a municipal utility district operating under the provisions of Chapter 54, Texas Water Code. Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, and to construct parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on July 6, 1951, and the first bonds were sold on April 1, 1953.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting.

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide Financial Statements (Continued)

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide statements. The fund statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers each of them to be a major fund.

General Fund - To account for resources not required to be accounted for in another fund, customer service revenues, operating costs and general expenditures.

Debt Service Fund - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Capital Projects Fund - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Property taxes considered available by the District and included in revenue include the 2015 tax levy collections from October 1, 2015, to December 31, 2016, and taxes collected in the period January 1, 2016, to December 31, 2016, for the 2014 and prior tax levies. The 2016 tax levy has been fully deferred to the 2017 fiscal year to meet the District’s planned cost of operations in that fiscal year.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. As of December 31, 2016, the General Fund recorded a liability in the amount of \$834 to the Capital Projects Fund for an excess reimbursement of funds for various engineering and construction costs.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Interest costs, including developer interest, engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$10,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	<u>Years</u>
Buildings	40
Water System	10-45
Wastewater System	10-45
Vehicles and Equipment	3-20

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgeting

In compliance with governmental accounting principles, the Board of Directors annually adopts an unappropriated budget for the General Fund. The budget was not amended during the current fiscal year.

Pensions

A pension plan has not been established. The District does not have employees, except that the Internal Revenue Service has determined that the directors are considered to be "employees" for federal payroll tax purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District does not have any nonspendable fund balances.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT

	Series 2005	Series 2010 Refunding	Series 2014	Series 2015 Refunding
Amount Outstanding – December 31, 2016	\$ 210,000	\$ 1,440,000	\$ 3,860,000	\$ 9,815,000
Interest Rates	5.50%	4.00% - 4.50%	3.00% - 4.00%	2.53%
Maturity Dates - Serially Beginning/Ending	September 1, 2017	September 1, 2017/2020	September 1, 2017/2039	September 1, 2017/2030
Interest Payment Dates	March 1/ September 1	March 1/ September 1	March 1/ September 1	March 1/ September 1
Callable Dates	March 1, 2015*	N/A	September 1, 2022*	N/A

* The bonds maturing on September 1, 2016, and thereafter are subject to redemption prior to maturity at the option of the District at a price equal to the principal amount plus accrued interest to the date fixed for redemption. Series 2014 term bonds due September 1, 2026, September 1, 2028, September 1, 2030, September 1, 2032, September 1, 2034, September 1, 2036, and September 1, 2039, are subject to mandatory redemption on September 1, 2025, September 1, 2027, September 1, 2029, September 1, 2031, September 1, 2033, September 1, 2035, September 1, 2037, respectively.

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 3. LONG-TERM DEBT (Continued)

The following is a summary of transactions regarding bonds payable for the year ended December 31, 2016:

	January 1, 2016	Additions	Retirements	December 31, 2016
Bonds Payable	\$ 16,035,000	\$	\$ 710,000	\$ 15,325,000
Unamortized Discounts	(64,010)		(5,224)	(58,786)
Unamortized Premiums	136,547		27,857	108,690
Bonds Payable, Net	\$ 16,107,537	\$ -0-	\$ 732,633	\$ 15,374,904
			Amount Due Within One Year	\$ 735,000
			Amount Due After One Year	14,639,904
			Bonds Payable, Net	\$ 15,374,904

As of December 31, 2016, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	Principal	Interest	Total
2017	\$ 735,000	\$ 458,894	\$ 1,193,894
2018	770,000	427,836	1,197,836
2019	795,000	399,859	1,194,859
2020	825,000	372,999	1,197,999
2021	890,000	345,062	1,235,062
2022-2026	4,900,000	1,363,093	6,263,093
2027-2031	4,665,000	681,385	5,346,385
2032-2036	1,025,000	269,488	1,294,488
2037-2039	720,000	58,400	778,400
	\$ 15,325,000	\$ 4,377,016	\$ 19,702,016

As of December 31, 2016, the District had authorized but unissued bonds in the amount of \$180,000. The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount.

During the year ended December 31, 2016, the District levied an ad valorem debt service tax rate of \$0.26 per \$100 of assessed valuation, which resulted in a tax levy of \$1,218,833 on the adjusted taxable valuation of \$468,142,365 for the 2016 tax year. The bond orders require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes.

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 3. LONG-TERM DEBT (Continued)

The District's tax calendar is as follows:

Levy Date	- October 1, or as soon thereafter, practicable.
Lien Date	- January 1.
Due Date	- Upon receipt but not later than January 31.
Delinquent Date	- February 1, at which time the taxpayer is liable for penalty and interest.

NOTE 4. SIGNIFICANT BOND ORDER AND LEGAL REQUIREMENTS

The bond orders state that the District is required by the Securities and Exchange Commission to provide continuing disclosure of certain general financial information and operating data to certain information repositories. This information, along with the audited annual financial statements, is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the bonds, within the meaning of Section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on each five year anniversary of each issue.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District's deposits was \$4,516,459 and the bank balance was \$4,520,712. The District was not exposed to custodial credit risk at year-end.

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Deposits (Continued)

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at December 31, 2016, as listed below:

	Cash
GENERAL FUND	\$ 1,689,795
DEBT SERVICE FUND	1,191,653
CAPITAL PROJECTS FUND	1,635,011
TOTAL DEPOSITS	\$ 4,516,459

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District’s financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District’s investments must be made “with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person’s own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived.” No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. Authorized investments are summarized as follows: (1) obligations of the United States or its agencies and instrumentalities, (2) direct obligations of the State of Texas or its agencies and instrumentalities, (3) certain collateralized mortgage obligations, (4) other obligations, the principal of and interest on which are unconditionally guaranteed or insured by the State of Texas or the United States or its agencies and instrumentalities, including obligations that are fully guaranteed or insured by the Federal Deposit Insurance Corporation or by the explicit full faith and credit of the United States, (5) certain A rated or higher obligations of states, agencies, counties, cities, and other political subdivisions of any state, (6) bonds issued, assumed or guaranteed by the State of Israel, (7) insured or collateralized certificates of deposit, (8) certain fully collateralized repurchase agreements secured by delivery, (9) certain bankers’ acceptances with limitations, (10) commercial paper rated A-1 or P-1 or higher and a maturity of 270 days or less, (11) no-load

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

money market mutual funds and no-load mutual funds with limitations, (12) certain guaranteed investment contracts, (13) certain qualified governmental investment pools and (14) a qualified securities lending program.

The District invests in TexPool, an external investment pool that is not SEC-registered. The State Comptroller of Public Accounts of the State of Texas has oversight of the pool. Federated Investors, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool meets the criteria established in GASB Statement No. 79 and measures all of its portfolio assets at amortized cost. As a result, the District also measures its investment in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

As of December 31, 2016, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities of Less Than 1 Year
<u>GENERAL FUND</u>		
TexPool	\$ 34,418	\$ 34,418
<u>DEBT SERVICE FUND</u>		
TexPool	617,435	617,435
TOTAL INVESTMENTS	\$ 651,853	\$ 651,853

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At December 31, 2016, the District's investment in TexPool was rated AAAM by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investment in TexPool to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS

NOTE 7. MAINTENANCE TAX

The Board of Directors of the District has the statutory authority to levy and collect an annual ad valorem tax for planning, maintaining, repairing and operating the District's improvements, if such maintenance tax is authorized by District voters. Such tax would be in addition to taxes which the District is authorized to levy for paying principal and interest on the outstanding bonds. To date, a maintenance tax has not been authorized by District voters, and thus no maintenance tax has been levied.

NOTE 8. SURFACE WATER SUPPLY CONTRACT

On May 13, 1985, the District executed an agreement with the Galveston County Water Authority, presently known as the Gulf Coast Water Authority (the "Authority"). This agreement was amended on June 21, 1998, June 16, 2011 and April 28, 2015. The contract allows the Authority to acquire, construct and operate a water treatment plant and related water

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 8. SURFACE WATER SUPPLY CONTRACT (Continued)

supply system in order to provide potable water to its customers. Charges to the District include its allocation of raw water charges, capital charges and operating and maintenance charges. The District's purchased water costs totaled \$311,639.

The District executed an Assumption Agreement with NRG Texas Power LLC (NRG). In a prior year, the District paid \$387,797 to NRG for 150,000 gallons of treated water per day of NRG's reserved capacity and 108,350 gallons of treated water per day of NRG's contract quantity. The District's total reserved capacity is currently 1,043,000 gallons-per-day in the original mainland portion of the water plant and its current contract quantity is 832,350 gallons-per-day.

NOTE 9. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions; and natural disasters. The District carries commercial insurance for its fidelity bonds and participates in the Texas Municipal League Intergovernmental Risk Pool (TML) to provide property, general liability, boiler and machinery, and directors and officers' liability coverage. The District, along with other participating entities, contributes annual amounts determined by TML's management. As claims arise they are submitted and paid by TML. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTE 10. CONTRACT FOR FIRE FIGHTING SERVICES

A Fire Fighting Services Contract was approved by the District's voters on May 6, 2000, and by the Commission on March 22, 2000. On November 11, 2004, the District entered into a contract with the Kemah Volunteer Fire Department (the "Department"), whereby the Department agrees to provide firefighting services within the District's boundaries. This contract was most recently amended on March 11, 2013. The current assessment charged by the District is \$7.00 per month per unit. A unit is defined as a single family dwelling, single apartment unit (80% occupancy factor used), commercial, office, retail, restaurant, or distribution center without fixed fire protection per 500 square feet, commercial office, retail, restaurant, or distribution center with fixed fire protection per 2,000 square feet, boat slip and improved lots (equivalent to ½ unit). The District pays the Department the fee multiplied by the number of units as calculated per the contract or the actual amount collected each month, whichever is less. The term of the contract is two years and will automatically renew for additional periods of one year each, unless written notice of termination is given by either party at least 60 days prior to the beginning of each annual period. During the current fiscal year, the District recorded firefighting assessment revenues of \$571,475 and firefighting service costs of \$574,948.

**GALVESTON COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 12
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 11. NOTE PAYABLE

On February 12, 2013, the District financed a note totaling \$549,899, of which \$40,000 was made as a down payment. The note was used to purchase a Pierce Arrow XT Pumper. Payments of \$14,876, including interest of 2.95%, are paid quarterly with the final payment due May 31, 2023. Current activity is as follows:

Note Payable Balance-January 1, 2016	\$	395,217
Less: Principal Paid		<u>48,379</u>
Note Payable Balance-December 31, 2016	\$	<u><u>346,838</u></u>

As of December 31, 2016, the scheduled maturities are as follows:

Fiscal Year	Principal	Interest	Total
2017	\$ 49,823	\$ 9,679	\$ 59,502
2018	51,284	8,218	59,502
2019	52,838	6,664	59,502
2020	54,414	5,088	59,502
2021	56,054	3,448	59,502
2022-2023	82,425	2,047	84,472
	<u>\$ 346,838</u>	<u>\$ 35,144</u>	<u>\$ 381,982</u>

NOTE 12. ESCROW REQUIREMENT

The Commission directed the District to place Series 2014 bond proceeds in escrow as follows: \$500,300 to be escrowed for the construction of the 12-inch water line to serve FM 518 and South Kemah and \$621,000 to be escrowed for the construction of the Kipp Street lift station. On September 14, 2015, the Commission released \$621,000 from escrow for the Kipp Street lift station. As of December 31, 2016, \$500,300 remains in escrow. Subsequent to year-end, on March 20, 2017, the District approved an application to the Commission for the release of the remaining balance from escrow.
